# Product Description

The Tekt Bone Conduction Sunglasses B2 is built-in with ergonomic and lightweight design providing all-day comfort. These Wireless Bluetooth Bone Conduction uses vibration that allows you to hear surrounding sound and information from a SmartPhone through the skull unaffecteding your ears. You don't have to pull your mobile out, navigate with the integrated touch zone on the arm of the glasses and let you know what is happening around.

**Designed to Suit Your Everyday Requirements**

Supports a Wide Range of Application

# FAQ

**Q.** What is the range of Bluetooth connectivity?

**A.** The Range of Bluetooth connectivity is 10 meters.

**Q.** Will this device work with my iPhone?

**A.** Yes definitely, this device will work with all devices which have bluetooth.

**Q.** Can I use these Tekt Bone Conduction Sunglasses for making Skype calls?

**A.** Yes definitely, you use it making Skype calls because it has a microphone.

**Q.** Is the battery rechargeable?

**A.** Yeah !! The battery is rechargeable. If you have any queries please do share with us via email to [info@gotekt.com](mailto:info@gotekt.com).

**Q.** How long does it take to charge?

**A.** Initially you have to charge the device for 2hours. If you don't charge the device then there is a chance of low voltage taken by the BLE device and it won't be going to work properly. Requesting all customers to charge completely before using it.

# FAQ

**Q.** Does this product have a warranty?

**A.** Yes, it has 6 months of warranty.

**Q.** What other components and controls do you have?

**A.** It includes a charging cable and a user guide. Yes, it has volume control i.e 3 buttons. Power on-off, volume up and down.

**Q.** How can I contact the gotekt team for support when in need?

**A.** You can mail us your query or any other product related issues to [info@gotekt.com](mailto:info@gotekt.com), and our team will get back to you shortly.

# Thank You
